

# GHBS-POS

For Hospitality & Retail services with Easy Liqueur Inventory feature.

## TAKE BACK CONTROL

Save time and avoid confusion with seamless order taking and quick service.

Take and send orders right from the table to save time.

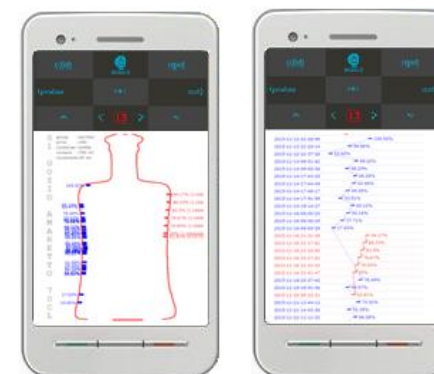

View data on order takings, sales totals, stock levels, waiter activities and table occupation. In real-time and remotely from anywhere in the world.

Have a deeper understanding of sales facts and figures and being in control are your key benefits.

## WORRIED ABOUT YOUR PRECIOUS INVENTORY?

There's no getting around it - taking inventory is a long, tedious, and necessary process.

We agree that it is necessary. Luckily with our Inventory service it is Easy, Accurate and Fast.

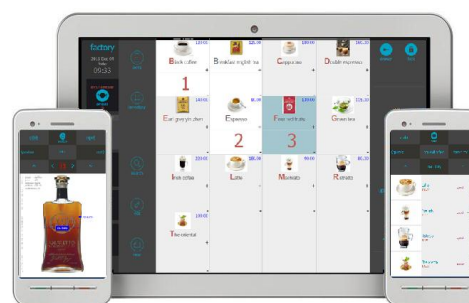

## WHAT IS REQUIRED?

Depending on your wishes, you can use any tablet, smart-phone or PC running Windows or Apple operating system to get started.

## AFFORDABLE

We offer all of this for a small monthly fee. No hidden or initial costs. We have no binding contract and we have a full support service to train & to guide you.
